

TA/DA Support for PHIN

- Technical Assistance - Free access to support and technical details on PHIN standards.
 - This can include telephone consultation, reference materials, response to email requests, site visits, automated email list, and more.
- Direct Assistance – Redirection of award funds to federal contracts to provide services, equipment, and software to accomplish Cooperative Agreement workplan activities.
 - DA process can be used to OBLIGATE funds. Work doesn't need to be completed by the expiration of the Cooperative Agreement
 - Process for accessing DA will be published on the PHIN website.
 - Templates for writing SOWs in targeted areas will be available on the PHIN website
- These two forms of assistance are not mutually exclusive!
